Accelerating Success

Hands-On Leadership ▲ Tailored Solutions ▲ Accelerated Success

**Are your IT assets propelling
your business ahead or
just causing drag?**

CIOs and business leaders partner with Avalion to design and implement customized, complete solutions for value-added IT. Avalion's hands-on senior leadership and tools, combined with your people, will propel your business farther and faster than you ever thought possible.

**We call it IT-Enabled Business Transformation.
You'll call it hitting the gas.**

Our expertise in the following areas makes Avalion the partner you can trust to help you get to your destination faster.

IT Leadership

- Strategic Information Systems Planning
- Program and Portfolio Management
- IT Governance
- IT Effectiveness
- Compliance

IT Projects

- Project Management
- Business Intelligence Strategy and Implementation
- Package Selection
- Systems Integration
- Custom Development
- Troubled Project Turn-Around

IT Delivery

- Business Change Management
- Shared Services
- Outsourcing Advisory
- Technology Sourcing
- Interim Management

▲ “The quality of the team was exceptional and I was especially impressed with their willingness to roll up their sleeves and do whatever was needed to get the job done and make the project a success.”

-Senior Vice President, Operations, Healthcare Company

▲ “The combination of Avalion’s senior resources and innovative approach to SOX compliance helped us successfully deploy ComplianceSet™ in weeks instead of months – taking less than half the time required by other leading solutions we evaluated.”

-Director of Internal Audit, Consumer Goods Company

▲ “The quality of their team and their commitment to our success was truly outstanding.”

-Executive Vice President and CFO,
Financial Services Company
